

## **ACHS is a Recovery-Friendly Workplace**

Ammonoosuc Community Health Services, Inc. is committed to creating a healthy, safe, and stigma-free work environment through our participation in the New Hampshire Governor's Recovery Friendly Workplace (RFW) Initiative.

RFWs encourage environments where employers, employees, and communities can collaborate to create positive change and eliminate barriers for those impacted by addiction.

In order to achieve a high level of employee health, safety, and productivity, we invite and encourage all employees who have been impacted by addiction / Substance Use Disorder to reach out for help and support without fear of judgement.
