Founded in 1975, ACHS is a non-profit Federally Qualified Community Health Center with six sites in Northern New Hampshire. With funding from national, state and local sources we deliver high-quality, affordable health care to nearly 10,000 patients in over 26 area towns and are committed to providing integrated health – Medical, Dental, Behavioral – for the entire family. We serve ALL – and no one is ever turned away for inability to pay.

This health center receives HHS funding and has Federal Public Health Service (PHS) deemed status with respect to certain health or health-related claims, including medical malpractice claims, for itself and its covered individuals.

PATIENT TESTIMONIAL:

"What I really like about ACHS is that I can receive care for both my physical and mental health, all under one roof. I have always had healthcare professionals that are attentive and responsive to my needs. The patient portal also provides a very convenient way for me to communicate back and forth with my providers and their teams when it is most convenient for me."
